

AUTOMATIC MACHINES

Rev.00 - 09/26 - 100
RESAMPLE INTERNATIONAL

A-WR

Full automatic adjustment of diamond and resin wheels.
No sample glass. No manual wheel adjustments.
Just one minute to achieve accurate and repeatable machine setup.

i-AL

A comprehensive package of mechanical, electronic and software systems designed to maximize automation, simplify machine management and ensure seamless integration with modern production environments.

LIMITED EDITION**

THE ULTIMATE EVOLUTION
OF GLASS PROCESSING

i-AL LIMITED EDITION

THE ULTIMATE EVOLUTION OF GLASS PROCESSING

TLR & TLS SERIES i-AL LIMITED EDITION

THE LIMITED EDITION IS MORE THAN A MACHINE. IT IS A COMPLETE TECHNOLOGY ECOSYSTEM BUILT ON THE PROVEN TLR AND TLS PLATFORMS, COMBINING PREMIUM ENGINEERING, ADVANCED AUTOMATION AND INTELLIGENT DIGITAL SOLUTIONS.

Robotics, A-WR & i-AL systems, IoT connectivity and Orquestra software work together to deliver higher productivity, consistent quality, real-time monitoring and smarter production management.

Designed for the most demanding glass processors, Limited Edition machines maximize performance, efficiency and reliability while preparing production environments for the future of smart manufacturing.

ADVANTAGES

Designed for glass processors seeking the highest levels of productivity, quality and automation, Limited Edition machines combine exclusive technologies, premium components and intelligent process management in a single platform.

KEY FEATURES

- › **PREMIUM MECHANICAL ENGINEERING**
Enhanced components and optimized machine architecture.
- › **ADVANCED AUTOMATION**
A-WR and i-AL systems for automatic machine setup and process management.
- › **ROBOTICS READY**
Seamless integration with robotic handling and automated production lines.
- › **IoT CONNECTIVITY**
Real-time machine monitoring and production data collection.
- › **PREDICTIVE MAINTENANCE**
Condition monitoring sensors continuously analyze critical machine parameters, enabling early detection of potential issues, reducing unplanned downtime and optimizing maintenance activities.
- › **ORQUESTRA PLATFORM**
Advanced analytics, performance monitoring and data management.
- › **ENERGY EFFICIENCY**
Optimized systems designed to reduce energy consumption and operating costs.
- › **EXCLUSIVE LIMITED EDITION FEATURES**
Technological upgrades developed for maximum performance and reliability.

BUILT FOR THOSE WHO DEMAND MORE.
